Dear Hiring Manager,

I have extensive experience with Python, Streamlit, Django, flask, java, PHP, C#, OOPs, DSA, MySQL, SDLC, JavaScript, html, CSS, statistics, Power BI, Tableau, Pandas, NumPy, Matplotlib, Seaborn, Linear Regression, Logistic Regression, Decision Tree, Random Forest, SVM, Naive Bayes, KNN. My knowledge in these areas has enabled me to design and develop complex systems in short periods of time while maintaining high levels of accuracy and efficiency. I also have a keen eye for identifying potential issues before they arise and proactively troubleshooting them. Additionally, I am highly organized and proficient with project management tools like Jira and Selenium.

I would welcome the opportunity to discuss my qualifications further during an interview and look forward to hearing from you soon. My resume is attached for your review. Thank you for your time and consideration.

Regards,
Md Nadeem Akhtar
